# WOOD FINISHES

Coco Wolf furniture pieces are constructed using the very best modern materials to ensure they deliver maximum durability, whatever the weather. Our preferred choice of wood for frames and legs is Iroko, a hardwood renowned for its strength and extreme durability. It flexes with humidity and temperature, minimising the potential for cracking or splintering. It is naturally resistant to decay and is commonly used in demanding marine environments.

Please note, for the 'Natural' finish, as Iroko wood is a natural material, the grain and shades of colour vary, this is not a defect but rather a natural beauty of working with solid wood.
