

PALOMA CURVED CENTRE SECTION (135CM)

The Paloma Curved Centre Section introduces a softer rhythm to the modular collection, allowing seating arrangements to flow with a more organic sense of movement. Its curved form echoes the natural contours of desert landscapes, while the generous cushioning offers a relaxed and inviting sit.

Designed to work within larger curved or free-flowing configurations, this piece brings both flexibility and sculptural presence to outdoor spaces. Available in two sizes, with over 200 outdoor performance fabrics and a curated selection of Iroko wood finishes.

INTERNAL CONSTRUCTION: WBP mortice and tenon joined frame. Integrated drain and marine grade webbing. All exposed wood is Iroko.

FRAME & LEGS : Solid kiln-dried Iroko wood treated with a highly UV protective, weather-resistant and scratch-resistant finish available in 11 colours.

FABRICS : Coco Wolf House Collection fabrics or COM (Customer's Own Material) on manufacturer's approval.

FABRIC QUANTITY: 3.5m plain fabric

LUMBAR FRONT CUSHION: W50cm x Hw30cm

ACCESSORIES :

All weather cover

Scatter cushions available on request.

WARRANTY: 5 Year Warranty for both Commercial and Residential projects

PALOMA CURVED CENTRE SECTION (176CM)

The Paloma Centre Section forms the foundation of the collection's modular seating system. With its generous proportions, softly rounded upholstery, and architectural Iroko base, the design takes inspiration from the meeting point of weathered stone and wind-shaped sand.

Designed to be used alone or combined with other Paloma modules, it allows for flexible outdoor configurations with a calm, sculptural presence. Available in two sizes and finished in your choice of over 200 outdoor performance fabrics and a curated selection of Iroko wood finishes.

INTERNAL CONSTRUCTION: WBP mortice and tenon joined frame. Integrated drain and marine grade webbing. All exposed wood is Iroko.

WOOD FINISHES

Coco Wolf furniture pieces are constructed using the very best modern materials to ensure they deliver maximum durability, whatever the weather. Our preferred choice of wood for frames and legs is Iroko, a hardwood renowned for its strength and extreme durability. It flexes with humidity and temperature, minimising the potential for cracking or splintering. It is naturally resistant to decay and is commonly used in demanding marine environments.

These colours are for reference only and are an approximation of the true colours. Samples will be sent out for sign off. Please note, for the 'Natural' finish, as Iroko wood is a natural material, the grain and shades of colour vary, this is not a defect but rather a natural beauty of working with solid wood.
